

Setting up Application Environment

Create IBM CloudAccount

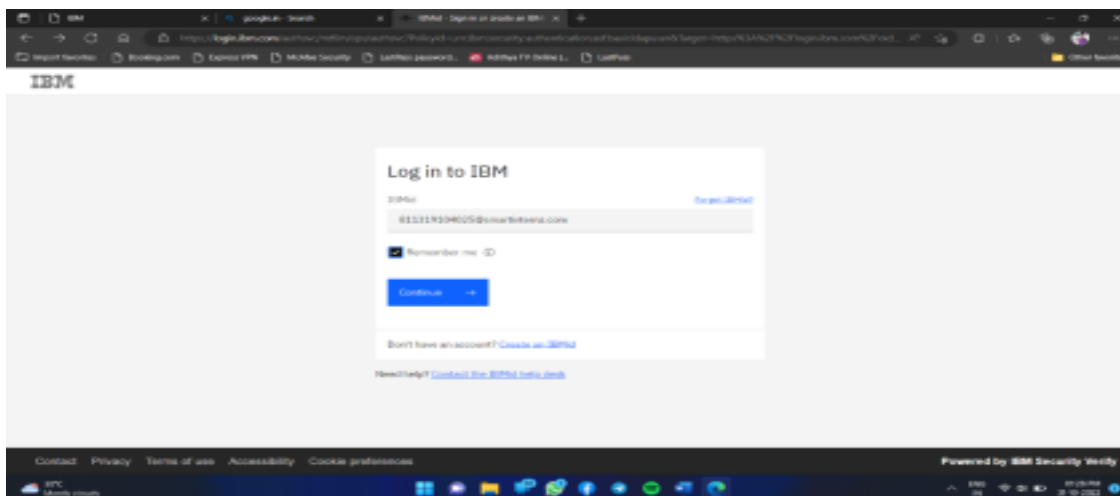

Step1. Navigateto**ibm.com/academic**andregister with your smart internz mail

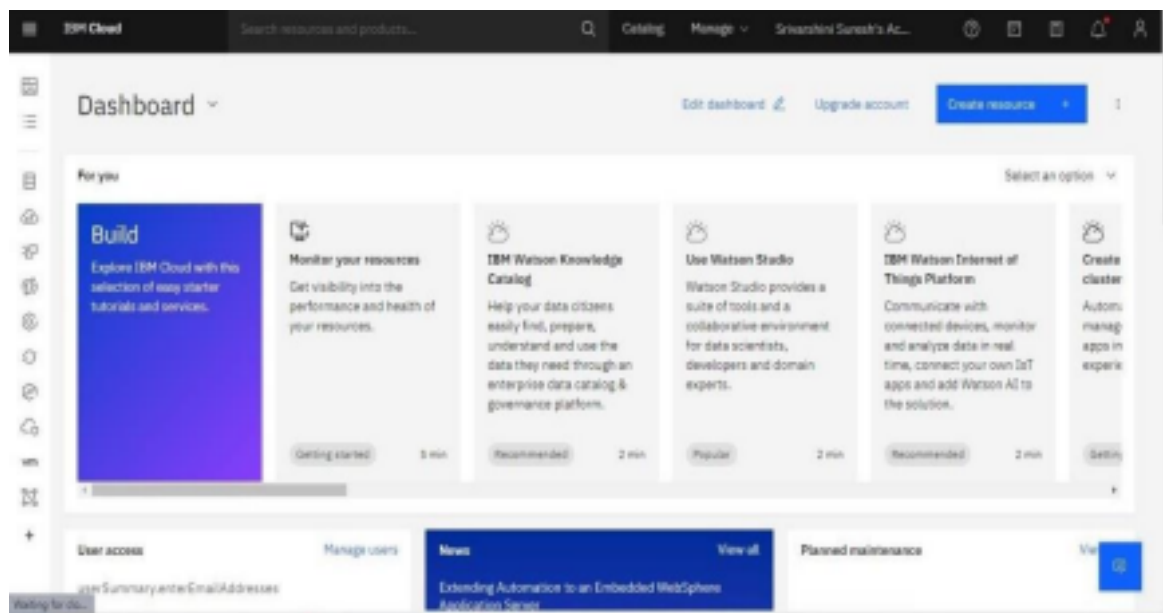

The screenshot shows the IBM account creation page. On the left, there's a section titled "Create your IBM account" with the subtext "Access to trials, demos, starter kits, services and APIs". Below this is a colorful abstract graphic. On the right, there's a section titled "Sign up for an IBMid" with a link "Already have an IBM account? Log in". Below this is a form titled "1. Account information". The form includes a "Sign in with LinkedIn" button, an "E-mail" field with the value "811219184825@smartindia2.com", a "First name" field with the value "sandeep", a "Last name" field with the value "sk", a "Password" field with a strength indicator, a "Country or region of residence" dropdown menu set to "India", and a "Company" field with the value "ID college of engineering and technology". A "Next" button is at the bottom of the form.

Step2: Now go to cloud.ibm.com and login with your registered mail id along with coupon code obtained from ibm.com/academic

The screenshot shows the IBM login page. It features the IBM logo at the top left. The main heading is "Log in to IBM". Below this is a "E-mail" field with the value "811219184825@smartindia2.com" and a "Forgot IBMid?" link. There is a "Remember me" checkbox and a "Continue" button. At the bottom, there is a link "Don't have an account? Create an IBMid" and a "Need help?" link. The footer contains links for "Contact", "Privacy", "Terms of use", "Accessibility", and "Cookie preferences", along with the text "Powered by IBM Security Verify".

Output:

Cloud account created successfully.
